Thanks to the Abbey farm caravan park Llangollen for allowing us to start and finish at the camp site.Thank you to all the observers and to all the landowners who allowed us use of some fantastic trials ground.																																					
Any scores in red ie 5, denotes a missing score on observers board , ive been kind and awared a nominal 5 , acu rule allows a 10 for missing score !																																					
Thank you to the course setters, the lunch time catering crew and thank you to all the riders that came along to support us. Results provisional for 7 days (v1 10/08/26) (v213/08/26)																																					
any riders with there club missing , there club details where missing from the acu online portal , same if your in wrong class , its your info I use																																					
Appoliges for you eagle eyed riders on Sunday who spotted we had a section 13 an 13B , this was entirely my fault starting route markers half way around and missing a section out , and not having another 8 hours spare to do another lap to reset
